Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Rowen:

We in the Office of International Security Affairs were delighted to learn of your appointment as Chairman and look forward to participating with you and assisting you in meeting your important responsibilities.

As you are aware, this Office is responsible for over 90 percent of the programmatic intelligence activities of the Department of Energy (DOE) and has principal responsibilities for the designated intelligence elements of the national weapons laboratories, the principal technical resources for national nuclear and nuclear weapons intelligence.

I would be pleased to meet with you at an early date to further advise you on the DOE intelligence resources available as well as related responsibilities of this Office.

Finally, I have recently reproduced additional copies of your Persian Gulf Oil Supply study and would be pleased to bring additional copies to you when we meet.

Sincerely,

Julio L. Torres
